Why study at MODUL University Vienna?

MODUL University Vienna ...

- is the first university in Austria to offer undergraduate and graduate studies in tourism and hospitality management

- offers unique courses in New Media and Information Management as well as Public Governance and Management that cannot be taken anywhere else in Europe in this form

- provides an international study and research environment
- conducts all of its study programs in English
- guarantees the highest quality in teaching and research
- is planning its own research center
- guarantees a reasonably small number of students, personal support and contact to an international team of experts

- places emphasis on coaching and mentoring as fixed components of teaching and training

- is located on Vienna's Kahlenberg, one of the city's most attractive sites

- stands with its “MODUL” name for 100 years of experience in creating and teaching tourism know-how.
