Discover Modul University Vienna

International Private University

Modul University Vienna is an international private university in one of the world's most liveable cities, with all programs taught in English. Founded in 2007, the university builds on more than 100 years of educational tradition and conducts research and provides higher education in tourism, sustainable development, technology, public governance, international relations, business and management.

Our campus

Nestled atop the picturesque Kahlenberg hill in Vienna's 19th district, our university campus seamlessly combines academic excellence with recreational opportunities.

Each day, students enjoy the stunning panoramic view of Vienna and the surrounding vineyards. Our campus boasts modern classrooms, project rooms, student areas, a library, coffee stations, and a cafeteria with a terrace.

Students can engage in various leisure pursuits, from admiring the old church's architecture and sampling local cuisine at nearby bistros or restaurants, to unwinding among the vineyards or staying active at the adventure park, public pool, or on the numerous hiking trails.

Student Testimonials

Izzamaya Sayre Lama,
Alumna - BBA in Tourism
and Hospitality

Unwavering Support

"I discovered Modul through a close friend, and its program aligned with my passion for event planning. Although leaving Hong Kong and coming to Europe was challenging, as it meant being away from my family for the first time and experiencing a new continent, I have received a huge amount of support from the university staff. Their encouragement has fuelled my motivation to excel academically. I really like Modul's student events, organized trips, approachable lecturers and staff, the study areas, and the view of Vienna. I am immensely grateful to everyone who has supported me on this transformative journey, as their constant support has significantly enhanced my experience at Modul University."

Hanna Oberhauser,
Alumna - BBA, MSc, MBA

Lifelong friendships with people from diverse backgrounds

"During my time there, I gained knowledge across various relevant fields, enjoyed the class sizes, engaged in direct face-to-face discussions with professors, and benefited from a competent and supportive faculty. I joined a student club. I took advantage of MU's tutoring services when courses became difficult, completed an internship at a prestigious international luxury company, and forged lifelong friendships with people from diverse backgrounds, some of whom I had the pleasure of visiting on the other side of the world. My learning journey gave me the confidence to begin my own events business, while also working in a marketing role."
