

FOUNDATION PROGRAM

PROGRAM DESCRIPTION

MODUL University Vienna offers a foundation program for aspiring students who require the essential preparation for a smooth transition into any of MU's bachelor programs. Through the foundation program, students will achieve the level of proficiency in English and Mathematics in accordance to the university regulations. In addition to strengthening English and Mathematics skills, students will also be exposed to key aspects in Business Administration and Economic Geography during the preparatory semester. The MU foundation program not only ensures theoretical education, but also the necessary support to getting settled in Vienna, and adapting to life in Austria and its culture. Upon successful completion of the foundation program and a final exam, students are generally admitted to a Bachelor program at MODUL University Vienna.
