

Dear students,

MU deploys a bring-your-own-device (BYOD) policy which entails a new identification and payment system on MU's multi-function printers (MFP) in the student lounge (ground floor) and book room (lower floor 2). MU collaborates with KUARIO as provider for mobile payment solutions. Please follow these easy steps in order to print, copy and scan with your own devices:

1. Download the KUARIO app on your mobile phone (Android/iOS)

2. Register a new account (we advise you to log in with your Microsoft account by using your MU e-mail address)
3. Top up your KUARIO account by using your credit card (Visa, MasterCard), PayPal or Maestro
4. Download and install the KUARIO print driver on your notebook (Windows/Mac OS)
 - Windows: [Manual](#) | [Driver](#)
 - Mac OS: [Manual](#) | [Driver](#)(if download fails, please alternatively visit www.kuario.com/manuals and www.kuario.com/downloads)
5. Collect your printouts at the MFP by either using your mobile phone or MU student ID (Note: the MU student ID needs to be linked to your KUARIO account upon first use at the MFP. To do so just swipe your MU student ID at the card reader on the MFP and enter your KUARIO login credentials.)

Costs of printing and copying (from fall semester 2020/2021 onwards until further notice):

- A4 (b/w): €0.07
- A4 (color): €0.35
- A3 (b/w): €0.14
- A3 (color): €0.70
- Scans: free

In case of questions, please visit KUARIO's website (www.kuario.com) or watch KUARIO's YouTube tutorial https://www.youtube.com/watch?v=O_5I8Am0iyU

As always, you may also get in contact with support@modul.ac.at
